MEMORANDUM FOR THE BOARD AND ALL STAFF CHIEFS

FROM: Chief, Estimates Staff

SUBJECT: Memoranda Planned or Being Considered for the First
and Second Quarters of 1967

1. The topics for memoranda listed below were either suggested in the course of recent discussions preparatory to the formulation of the Estimates Program for the coming six months or proposed by the Staffs.

2. The list does not constitute a formal Program of Memoranda and the appearance of a topic on the list does not mean that a paper will be done if circumstances change or time is not available. New subjects will suggest themselves and requests will be made, as in the past.

3. The purpose of including memoranda in the discussions preliminary to the Estimates Program, as it is the purpose of the present memoranda, was to encourage Board and Staff to think about the whole program of the office, memoranda as well as estimates, in planning future activities.

4. Memoranda planned or being considered by the Staffs include the following:
